

Project Gantt Chart

Name	Start	Duration	End	Description
Setup	05/10/2015	14	19/10/2015	Board system installation and development environment setup
Algorithm	12/10/2015	42	23/11/2015	Find suitable algorithms, benchmarks and applications, then implement with CUDA
Precision	02/11/2015	28	30/11/2015	Find CUDA API for setting precision, and export for external use
Quality	09/11/2015	28	07/12/2015	Find quality evaluation method
Power analyser	30/11/2015	14	14/12/2015	Power analyser setup, and triggering
Analysis	07/12/2015	84	29/02/2016	Power consumption vs. precision analysis
Feedback	22/02/2016	28	21/03/2016	Design feedback control loop
Progress report	01/12/2015	7	08/12/2015	Review progress report
Exam week	11/01/2016	14	25/01/2016	Exam week
Final report	12/04/2016	14	26/04/2016	Review final report
